

Your FPC Membership: Building the Future of Payments 2026 Highlights

Community

"Our team at SRM gets tremendous value from our involvement with the U.S. Faster Payments Council. From curated research on the latest payment technologies to active participation in industry Work Groups, and the biannual FPC events where we connect with some of the brightest minds in the payments world."

– **Larry Pruss**

driving forward the mission of ubiquitous faster payments

11 FPC Work Groups: Aligned for Impact

FPC Work Groups are structured to accelerate the adoption of instant payments by leveraging member expertise to advance our strategic priorities: Reach, Experience, and Trust. These groups solve real-world problems and deliver measurable outcomes, continuously adapting to ecosystem changes.

Business Benefits of B2B Instant Payments*	Exception Resolution for Account-Based Payments	Operational Considerations for Instant & Immediate Payments
Cross-Border Payments	Financial Inclusion*	Instant Recurring Payments
Digital Assets in the Financial Industry	Fraud and Scam Mitigation	Secure Instant & Immediate Payment APIs
Education & Awareness	Instant Payments Data Optimization	*Completed work in 2026

"By fostering collaboration across the payments ecosystem, the FPC is helping shape the future of real-time payments in the U.S. Through sharing cross-industry perspectives and use cases, Ripple is proud to support that vision and help connect the world with faster, more efficient payments in partnership with the FPC."
